# Thematic Areas of the Organization

## ■ Human Rights

From the very beginning Rights Jessore strongly holds the spirit of Universal Declaration of Human Rights (UDHR). Rights Jessore is working for elimination of distinction of any kind, such as race, color, sex, language, religion, political or other opinion, national or social origin, property, birth or other status. We work for the right to life, liberty and security of person. We demand equal protection of the law. We are against torture, cruelty, inhuman or degrading treatment, or punishment. We are for freedom of thought, equal property rights, freedom of expression and opinion and all the issues covered by universal declaration.

## ■ Anti-Trafficking

Human Trafficking is one of the brutal business and heinous crime. Rights Jessore is active against this crime from its inception. Rescue, recovery, repatriation, reintegration, legal aid, advocacy, community mobilization all are covered under this thematic area. From the point of perspective of donor support it is the biggest area of operation.

## ■ Safe Migration Promotion

During the Course of Action Rights Jessore has identified "Unsafe Labor Migration" as a major area what should be dealt with separately as an independent issue. Although there is close link between human trafficking and unsafe migration but due to difference in definition and legal implication it is essential to deal the problem separately.

## ■ Women Rights & Women Empowerment

Women are half of the population but due to their social status and position they are subject to frequent abuse, torture and violations. Rights Jessore strongly believes in the equal opportunity of women; they should enjoy the freedom of life without the fear of being abused, tortured, trafficked or killed. Rights Jessore dedicated to make sure women's participations in social programming so that they are empowered in the community and can defend their rights.

## ■ Child Rights

Children are the future leader of the nation. Rights Jessore is against any form of violation against children. We believe in the safe, secured and violence free environment for every child with adequate opportunity for their education and development.

## ■ Good Governance:

In principle Rights Jessore promotes good governance and the issue has been a part of organizational focus area. Till date Rights Jessore has been engaged with different sorts of activities and campaigns which promote good governance in public service delivery mechanism. Rights Jessore is one of the proponents to fight corruption at district level. It's good governance promotional activities include advocacy for establishing citizen charter to enhance public access to information and to ensure social accountability of public service delivery, open budget at union Parishad, activating village court, civic and voter education, anti-corruption campaign and introducing social audit in Rights Jessore's development project evaluation.

## ■ HIV/AIDS:

HIV/AIDS is one of the major growing concerns. Rights Jessore worked to reduce the HIV vulnerability among the cross border mobile and promoting the rights of the people living with HIV /AIDS (PLWHA). Rights Jessore already established a Voluntary Counseling and Testing Centre (VCT) within general government hospital in Satkhira. Rights Jessore wishes to work further to reduce HIV vulnerabilities among the at risk populations. A few numbers of HIV positive repatriated survivors has been reintegrated in their family too. Linkage and liaison has been made by Rights Jessore to other service provider Offices for their essential services.

## ■ Environment & Climate Change:

As environmental degradation and climate change emerge as one of the major development challenges in our endangering human life and livelihood is contributing enormously towards the number of incidents of human rights violations. It is happening as floods, cyclones and draughts, water salinity, rise of sea level or crisis of underground water or soon coming up as matter of growing concern. Rights Jessore supports and advocates for environmental justice for safe habitat in Bangladesh and beyond.

## ■ Rohingya Response

Rights Jessore is working on human trafficking preventing and child protection issues with Rohingya Refugees. The activities include establishing Child Friendly Space (CFS), their skill development training, awareness on hygiene practice and informal education on children. Rights Jessore expertise on preventing human trafficking and unsafe migration among Rohingya and host community can contribute to Bangladesh Government endeavors in the areas.

## CASE STUDY

### **Parveen wants to go ahead overcoming all sorrow and pains of her Past life.**

Lima Shamim Mirza (20) is a daughter of a poor family. Her Father Shamim Mirza is a Van Puller. She is a resident in the village Kota, of Cholitia Union under Avanager Upazila of Jessore District. Lima got married, in the year 2012 when she was only 15 years old with Allauddin, who is a Masson in the professional life. Lima is second wife of her husband. After Marriage, she came to know that her husband is an addicted to drugs. She was tortured by her husband in regular basis. For this reason, their conjugal life was not happy. After three months later, they detached from each other and divorce was settled.

Divorcee Lima returned back to her father's house then she faced various bad comments from neighbors and her life became unhappy. The neighbor evaluated that Lima has done offence for this reason divorced has been occurred. The neighbor also blamed Lima's character was not good for this reason, Divorce has been settled. Lima was very much mentally harassed by such comment of the neighbors. In the mean time, Polly and her Mother residents of nearby village allured her for lucrative job in India. They try to understand her that if she goes in India with them she will get high salaried job there than she will be not dependent to others. At last Lima agreed with this proposal. In the Year 2014, on 30 June, she came out from the house with Polly's brother named Sumon. Lima was taken at Border area Baghachora under Sharsha Upazila of Jessore district by his own Motorbike. There she stayed one night in a broker's house and very next day she went India crossing border area illegally. At first Lima was taken in the house of Sumit Datta at Khorakpur of Kolkatta. He used to work with Jolly, sister of Sumon. After staying two or three days at Sumit Datta's house she was taken at Moddoh Prodesh in Jolly's and Viki's house. (Viki is Jolly's husband who's local name is Bisnu Protap Singh Vaduria). Two days later she was taken wearing short dress to Bobi, a customer of Indore, by Jolly and her husband. But Bobi did not accept her being a teen ager. After this incident, they returned back at Kolkata in Jolly's and Viki's house. Here she was kept several months, in each month she was pushed an injection in her body. After pushing this Injection she would not walk. She would see and hear all things but could not speak. After three months later, she became fatty and got a good physical shape. Then she was taken in a hotel with large makeup in her face. She was bounded for sexual act in this hotel by an aged man. Here Lima's name is changed, she is known the name Neha Proshant Benerji. She was in asleep by medicine. She did not feel anything what she was eating and not eating. Three/ four months later she was taken at Mumbai and sold to Sumita Debi, a human trafficker. Lima spends several months here and forcibly bounded for sexual act. One day she was ascended in a train and assured for return back in her native country by Sumita Devi. But it was fake assurance; she was taken in another Place and sold to a human trafficker named Ali at Mohaasta. Ali bounded her for sexual act and earned a lot of money from customer. Then Lima is sold to Rashid Rhaman another human trafficker at Nagpur. He took her in the hotel Chola Place, at Boldha Road, of Nagpur.

In the Year, 2015 on 19 January, Lima and Nomita, were rescued by the Member of Crime branch Police, Nagpur by a raid in that hotel. Rasid Rhaman, and Manager of that hotel were also arrested in this police raid. Lima was handed over to court by police then court sent her a shelter home named Koruna.

The authority of that shelter home provided medical treatment to Lima for two month and she recovered from illness. During this period, Lima learnt tailoring, cooking (Chinese, South Indians), Making Showpiece from old toy, drawing and works of jewelry. After this incident, she communicated with her father over mobile phone.

After informed this news, Rights Jessore initiated to repatriate her in Bangladesh. In the year 2017 on 21 August six girls including Lima were repatriated in Bangladesh from India. Lima was sheltered in a shelter home and provided counseling support with shame & resilience training by RJ. Lima does not remember his past history. She wants to be self reliant. For this reason, she expressed her intention to set up a tailoring shop using earned capacity during staying at Koruna Shelter home in India. Rights Jessore Come forwarded to help Lima of her dream in success. She was provided sewing machine as a livelihood support from the project "Combating human Trafficking In Bangladesh to the promotion of safe migration and protection" Supported by Relief International and U.S.Department of State Office to Monitor and Combat Trafficking in Persons. At present she works of tailoring as well as small business of cloths. Besides this she is providing training on tailoring to her neighbors.

### At a glance statistics of human Rights violation incidents of Bangladesh (Januare -June'2018)

All most all over the country every day the human Rights violation Incidents are being occurred. Like as human trafficking, Kidnapping, Rape, Murder, Acid throwing, violation against women and other different human Rights violation incidents are occurring in the daily life of the general people. Rights Jessore is an organization which is committed to develop and defending of human rights. Its documentation cell regularly documented and keeping the records of violation of human rights incidents. This information is collected from the daily newspapers. RJ compiles these incidences and publishes it through press conference every year. In the year 2018, RJ's documentation cell analyzing data says a total 18371 people has been affected of the 19300 numbers of human rights violation incidents. The most number of the affected people are women and children among the total affected people. On the other hand in the case of murder, suicide, robbery, and political violence incidence most of the numbers of affected people are male. The reasons of these incidences are as follows, Poverty, lack of awareness, Lack of proper utilization of law, though law is existing. Alluring proposal by broker and the good opportunity of crossing border are the cause of human trafficking. On the other hand poverty, discrimination of men and women in the society, especially gender based violence, the affect of the misconception in the society, lack of awareness etc reasons are the responsible for the incidents of violence against women .While Rights Jessore gets any news of any incidents of violence of human Rights then it played the role of assistance or giving support doing fact finding of the incident, Rescue of the trafficked victim, Reintegration, ensuring the legal support of the victim through its different existing project. It is notified that, we are watching, through recruiting agency a lot of people are prey of labor trafficking aiming to go in the country Jordan, UAE, Iraq, Iran, Lebanon. Rights Jessore is providing support and playing role of catalyst through its existing project while informed the incident of violation of human Rights, They are doing fact finding of the incidents, Rescued the victim of trafficking, Reintegration the human trafficked victim, providing counseling support & livelihood support,
